About me:
There are many things I like to do, see, and experience. I want to read; I like to sing; I like to think, I like to dream; I like to talk; I like to listen.
I like to see the sunrise in the morning; I like to see the moonlight at night, I like to feel the music flowing on my face,
and I want to smell the wind coming from the ocean. I want to look at the clouds in the sky with a blank mind;
I want to sleep early; I want to get up late, I like to be alone, and I like to be surrounded by people.
I like the country's peace; I like the metropolis' noise, I like delicious food, comfortable shoes, and romantic movies.

I always wanted to be a great singer, like Taylor Swift they have influenced millions of people through her songs.
But, of course, I am still far from these people. I am just someone who does some teaching, some research, and some writing songs. But my dream is still alive.
